

April 3, 2020

Dear Beatitudes Campus Family,

Today we were notified of a positive COVID-19 laboratory result for an Independent Living resident from our community.

The resident, who lives in Plaza South, was admitted to the hospital on Wednesday, April 1. All precautions are being made for any residents, staff and health care personnel who were in contact with this resident for the 14 days prior to the hospital admission.

We informed all residents of this situation today on April 3.

**There is no cause for panic or alarm.** The procedures that we have in place and those that we may put into place in the future are done to protect our residents, staff and the community. Our focus remains on the health and well-being of our community. We continually receive guidance from the Maricopa Dept. of Public Health, the Arizona Dept. of Health Services, the Centers for Disease Control and Prevention and the Centers for Medicaid and Medicare Services.

We promised to be transparent and to let you know what is happening here at the campus. We appreciate the trust you have put into us. All of us are in this together, and we will get through this pandemic by working together. Thank you for understanding and being part of the solution.

We have strongly urged our residents to remain socially distant, wash their hands and cover their coughs. As the CDC has said, this virus is community spread. As we have seen across the country and the world, no one is immune. We are strongly urging residents to stay in their own apartments and not invite anyone into their apartments. It is challenging for our residents, but everything we ask of them, we are doing it for precautionary purposes. Their safety is our top concern.

Thank you all for your support and for the support of your loved ones. It means so much when the families can come together and support each other. We will provide updates regularly. If you have any questions, please email [BeWell@BeatitudesCampus.org](mailto:BeWell@BeatitudesCampus.org)

Stay safe. Stay well. We are Beatitudes Strong!
