

June 23, 2020

Dear Beatitudes Campus Health Care Center Residents and Families,

We want to let you know that a resident in our Vermilion Cliffs neighborhood has succumbed to COVID-19 today, June 23. We are so saddened, but we are blessed to have known this beautiful individual and honored to serve this resident. The resident had underlying medical conditions and was receiving comfort care prior to the COVID-19 diagnosis. Our hearts and prayers go out to the resident's family and friends.

At this time, Beatitudes Campus continues to focus on ensuring the safety and well-being of all our residents and staff members. We continue to follow the protocols and recommendations of CMS and CDC as well as the Arizona Department of Health Services and the Maricopa County Department of Public Health.

We have begun to receive the staff results from testing and will share those with you within the next 24 hours once they are all collected from the Laboratory.

As always, we strive for transparency in everything we do. We are communicating all updates to residents, families, staff and greater community through a multitude of ways, including electronic media, webpage (<https://BeatitudesCampus.org/Beatitudes-Families/>) and data dashboard.

Thank you for your continued support of Beatitudes Campus.

Stay safe.

Sincerely,

Teresa Borton, RN, Health Care Center Administrator
Barbara Crivellaro, RN, Director of Nursing
Cheryl Knupp, Senior Vice President of Health Services
Michelle Just, President and CEO
