Dear Beatitudes Family

I believe we have gotten a little bit of encouragement this week about the coronavirus pandemic in Arizona. It’s not time to celebrate, and our work to mitigate the spread is far from over, but it looks like the cases in our state are moderating and the stress on our hospitals is easing a bit. Testing has ramped up, and the state of Arizona has committed to testing 60,000 Arizonans at its Testing Surge sites. This is encouraging, even though new COVID-19 cases are increasing at a faster rate than testing. Arizona still has one of the highest rates of COVID-19 cases per capita in the country.

As mentioned in my last letter, we tested all employees at the campus with the PCR (viral nasal swab) COVID-19 test. It was quite the scene in the Life Center throughout the day, but we accomplished it all. We will be getting results starting on the weekend. I want to thank all the donors to the Beatitudes Campus Foundation for subsidizing the cost of the testing and making this happen. As I have said before, we decided to pay the contracted lab directly in order to get results sooner than the 10-14 days that local labs are taking for results. The lab that we contracted sends the swabs to New York in order to get quicker results. With 40 percent of people infected with COVID-19 being asymptomatic and the chance of transmission from people with no symptoms is 75 percent, we felt that it was crucial to get testing and results done as quickly as possible.

We also received encouraging news from the U.S. Department of Health and Human Services (HHS). The federal government will be supplying nursing homes with a new and rapid point-of-care testing system, which is 85-90% accurate. The plan is to supply testing instruments and tests to all nursing homes in the country, beginning with 2,000 going out as early as next week to nursing homes in current “hot spots” and a “slow roll-out” taking place over the following weeks/months. Arizona is considered a hot spot by Center for Medicare and Medicaid Services, so hopefully Beatitudes Campus will see the system soon. When the government-provided supplied tests run out, nursing homes will be allowed to purchase supplies directly from the manufacturer. We will keep you updated on the testing. Another benefit of this testing system is that it can also test for the flu.

While waiting for information on the HHS testing, for at least the next month, we will be administering weekly PCR (viral nasal swab) COVID-19 tests to all staff who work in the Health Care Center and Plaza View, as well as staff from Beatitudes at Home, Beatitudes Home Health, Security Department and Transportation Department. All other staff across the campus will be tested bi-weekly. We absolutely know that testing is the key to preventing the spread of the coronavirus.

We report that a resident in Independent Living has tested positive for COVID-19. This resident lives in Central Park North and will be home quarantining. We did welcome some staff who have recovered and have returned to work. And thankfully, several residents who were in the COVID Isolation Unit have returned back to their rooms. Sadly, we lost another beloved resident due to COVID-19. This resident made such an impression on our staff, and our hearts and prayers for healing are extended to the family.

As of this morning, we currently have 19 active COVID-19 cases on campus – 6 residents and 13 staff. Thankfully, 46 individuals have recovered – 16 residents and 30 staff. We have lost 9 residents to COVID-19 and no staff. Our hearts prayers go out to the families and the individuals for healing and peace in this uncertain time.

Thank you so much for trusting us during the coronavirus pandemic. We are working hard to ensure our entire community of residents, families and staff are safe. We are Beatitudes Strong! Please reach out to BeWell@BeatitudesCampus.org for any comments or concerns.

Please wear a mask, wash your hands, and don't gather in crowds. Stay safe

My best,
Michelle Just,
President & CEO

CHANNEL 1-2 SCHEDULE
This schedule is subject to change.
ROADRUNNER READINGS
MONDAY, 8:30AM
LIFE ENRICHMENT DAILY, 9:00AM
SYMPHONIC MUSIC WITH BRUCE FRIDAY, 9:00AM
FITNESS LEVEL 1 & 2 DAILY
10:00AM & 1:00PM (LEVEL 1)
10:30AM & 1:30PM (LEVEL 2)
SUCCESS MATTERS MONDAY—FRIDAY 11:00AM
LIFELONG LEARNING COURSES SATURDAY & SUNDAY 11:00AM
WHAT’S ON THE MENU MONDAY, 12:00PM
MICHELLE & DAVID MONDAY—FRIDAY 2:00PM
TECH CLASSES SATURDAY & SUNDAY 2:00PM
SPIRITUAL LIFE DAILY, 3:00PM
MUSIC HOUR DAILY, 4:00PM
COMEDY HOUR FRIDAY, 5:00PM
DAILY ENCORE 5:00PM (FRIDAYS at 6:00PM)
WEEKEND OF HOPE SATURDAY, 5:00PM

Beinspired 1-2 Updates!
Beginning this week we have a few new fresh broadcasting segments for you! Please be sure to watch the community channel schedule on either 1-1 or 1-2 for updates. We will update with new programming as it becomes available. Please also keep in mind that these are subject to change based on current developing situations out of our control. I would like to personally thank everyone for their feedback, advice and praise throughout our scheduling of content. Please continue to send us your comments and feedback, by either of the below options:
• Email: knelson@beatitudescampus.org
• Voicemail: x18493
• Online at www.bccrew.net

New upcoming programming:
• Fridays at 9:00AM: Symphonic Music with Bruce Pulk
• Saturdays & Sundays at 11:00AM: LifeLong Learners present Tom Denny’s History of Architectural Styles
• Saturday (Beginning July 18th) from 5:00 to 10:00PM: A Weekend of Hope, this week featuring Bob Hope’s USO specials marathon

Looking for a full schedule of upcoming programming?? Look no further than our Community Website!
