

September 9, 2020

You have all been waiting for a very long time to see your loved ones again and we thank you for your diligence and patience while we have been working and continue to work through the uncharted waters and challenges COVID-19 has laid at our doorstep. After careful consideration, we are now opening the campus to visitors, though with limitations. For the time being, each IL resident may have one visit per week and up to two people may come during that visit. The success of this development depends solely on you, the residents, family and friends. Our top priority remains the safety of our residents and this community, and with that in mind, we have developed policies for each area that are critical to our mission. We ask that you accept the responsibility for assuring that your guests have reviewed the guidelines and that you have fully vetted them for health prior to any visits. Guidelines and visitor forms vary for each area on campus (Independent Living or **IL**, Assisted Living or **AL/EMS** and Health Care Center or **HCC**) and are included on the following pages.

Please take a moment to familiarize yourself with these guidelines and adhere to them to the best of your ability. Guidelines can also be viewed online by going to beatitudescampus.org: click on the “COVID-19 Updates” button in the upper left-hand corner and then look further below for the purple button that says “Visitor Guidelines and Forms.” From there, your guests need to print the visitor attestation form relevant to the area they wish to visit. Upon arrival, guests must inform the employee manning the guard house which area on campus they are visiting. **For IL**, the form needs to be completed prior to arrival on campus and handed to the employee manning the guard house. If a guest does not have the form with them, they will be asked to park in front of the Administration building and obtain a form at the drop-off desk. Once they have it filled out, they can return to the guard house and hand the form to the employee. **For AL, EMS and HCC**, visitors will advise what area they are visiting and the employee will confirm their appointment. Guests will then proceed with their form to the licensed building they are visiting and follow that area’s protocol.

FACE MASK REQUIRED TO ENTER
