

VISITATION GUIDELINES FOR REOPENING OF
BEATITUDES CAMPUS HEALTH CARE CENTER
9/9/2020-Guidelines are subject to change

Statement: We will be following guidelines and recommendations from Arizona Department of Health Services (AZDHS), LeadingAge, Centers for Disease Control and Prevention (CDC), and Centers for Medicare and Medicaid Services (CMS). Visitation will be a phased process with benchmarks in the following areas: Community Spread, Percent Positivity, and COVID like illness numbers. National Standards have been set forth by the Coronavirus Task Force and there are three different thresholds that will determine visits. It is similar to a traffic light. Green is minimal, Yellow is moderate, and Red is substantial. The data is based on a two week lookback period. Requirements need to be met before visitation can occur. They will be listed below.

Benchmarks	Minimal	Moderate	Substantial
Cases	<10 cases/100,000	10-100 cases/100,000	>100 cases/100,000
Percent Positivity	<5%	5-10%	≥10%
COVID Like Illness	<5%	5-10%	>10%

Community Spread Level	Limited Outdoor Visitation	Limited Indoor Visitation	Symptom Screening of all Visitors	Cloth Face Covering Required	Physical Distancing (6 feet)
Minimal	x	X	x	X	x
Moderate	x	N/A	x	X	x
Substantial	N/A	N/A	N/A	N/A	N/A

As depicted by the data above, visitations will take place during “Minimal” and “Moderate” status. During “Substantial” status, visitations would be halted until status returns to “Moderate” or “Minimal”. A compilation of COVID data over a two-week period defines visitation status. Requirements will need to be met before scheduled visitation can occur as listed below.

Requirements: Requirements for visitation at Beatitudes Health Care Center may be allowed if the following conditions are met:

- The visitor presents a NEGATIVE COVID-19 test via Polymerase Chain Reaction test (PCR) to Beatitudes less than 48 hours old. A NEGATIVE COVID-19 Antigen test less than 48hrs old will be accepted but it is not the test recommended as it is less accurate than the PCR.
- The visitor remains on isolation in between the time of testing and the scheduled visit and remains free from symptoms.
- An attestation of self-isolation is signed prior to scheduled visit.
- Beatitudes Campus limits contact with others as much as possible including in a dedicated visitation space.
- Beatitudes Campus requires approved mask-wearing. Visitors must provide their own mask which cannot be a handkerchief, bandana, neck gaiter, or vented face covering. An N95 or surgical mask or three-ply cloth mask are recommended.
- Beatitudes Campus requires hand sanitizing prior to the scheduled visit.
- Approved scheduled visitor must sign visitor log maintained by Beatitudes Campus at the screening table adjacent to the Memory Garden for contact tracing purposes.
- Beatitudes Campus institutes enhanced cleaning and sanitation of visitation spaces.
- County specific, public health benchmarks fall within the “Moderate” or “Minimal” spread category in all three benchmarks for two weeks.
- Beatitudes Campus has processes/policies in place prior to the start of visitation.

Process: The following will be the process for family visits.

- Visits will be scheduled by the Social Services Department and will be by appointment only. If anyone shows up unannounced and is not on the schedule, they will be scheduled for a future visit.
- Only one visitor per visit and only one visit per day lasting 15 minutes or less.
- The outdoor visitation area will be located in the Memory Garden located near the main entrance to the Health Care Center. The indoor area (when metrics allow) will be the front lobby of the Health Care Center.
- There can be no physical contact, as social distancing must be maintained at all times.
- Visits will be monitored by staff from a distance to allow privacy and to ensure social distancing is maintained at all times.
- If at any time required processes and stipulations are not followed, the visit will end and future visits may be restricted.
- Parking will be in the area in front of the Health Care Center and a screening station will be adjacent to the Memory Garden. Upon entry, visitors will be screened for symptoms and have

temperature taken.

- After signing in and proper hand sanitizing, visitors will be escorted to the appropriate visiting area.
- We ask that you do not enter the Memory Garden earlier than five minutes prior to your scheduled appointment.
- Visitation hours, at this time, will be 7:00 am to 10:00 am, Monday through Friday.
- Visitor use of resident facilities/restroom is not allowed.
- There will be 15 minutes in between visits to allow residents to get to and from visitation area. This will help minimize unnecessary exposure to other residents and staff inside the building and allows ample time for staff to sanitize before the next visit.

Visitation will be allowed only if the following conditions are met:

- If there has not been an outbreak (defined as 2 or more laboratory confirmed COVID-19 cases) in the health care center within 14 days amongst residents or staff.
- Beatitudes Campus Health Care Center has sufficient staff.
- Beatitudes Campus Health Care Center has sufficient personal protective equipment for staff, visitors and residents as needed.
- Please remember again, that guidelines and procedures are subject to change to mitigate the risk of spread or as the Arizona Department of Healthcare Services alters guidance.

Visitations will commence on Wednesday, September 9, 2020. Appointments can be made by calling 602-433-6161 or by email to Sarah Ramias, Social Worker at sramias@beatitudescampus.org .
