

February 22, 2021

Dear Family and Friends of Beatitudes Campus,

During this global pandemic, we feel a palpable sense of collective grief for all those who have passed away during this time, especially those who were such a vital part of our Beatitudes Campus community. Our thoughts and prayers are with you as you grieve the loss of your loved one. Our hearts are filled with the memories of those who are among that great cloud of witnesses who are with us now only in spirit, and we are grateful for the ways they will continue to bless us. Heaven seems much closer now that the community of saints is filled with so many of our residents who we have known and loved. We have prepared a virtual Service of Remembrance and Healing and if you are the recipient of this letter, please feel free to share this information with your family and friends. Included with this letter is the accompanying order of service. Towards the end of the service there is a video tribute which will include a picture of your loved one and residents who have passed since September of 2020.

This Service of Remembrance and Healing will be available for viewing on March 2, 2021 at this link: www.bccrew.net/memorial-service. You can also find it on our YouTube family page. Go to <https://beatitudescampus.org/beatitudes-family/>, click on updates, then click on March 2, 2021 and click on Memorial Service. Our residents will be able to view the service on our Community Channel 1-2 at 3:00 p.m. on Tuesdays, March 2 and March 9, 2021.

We have spoken to many of you who have expressed a desire to plan a Celebration of Life for your loved one here on campus when it is possible to do so. Let us hope that we can be together soon. We are all learning how to grieve and deal with our collective sadness. Please let us know if we can support you and your family in any way.

Please contact me with any questions 602-284-7524.

Blessings and Peace,

Chaplains Peggy Roberts and Andrew Moore
