

March 11, 2021

Dear Beatitudes Families and Residents,

As I am sure most of you have heard, the Center for Medicare and Medicaid Services (CMS) and the Centers for Disease Control (CDC) have issued updates regarding updated visitation recommendations for facilities. Because each state has jurisdiction with testing and visitation guidelines and requirements, we are waiting for final guidance from Arizona Department of Health (AZDHS).

We anticipate that guidance from AZDHS will be released as early as tomorrow evening to early next week. As soon as we are provided the information, we will create policy and procedure that will be shared with you as soon as possible. We hope to have a smooth and safe transition from current guidance to the new ones and thank you for your patience.

We are all very eager to be reconnected (in person) and see smiling faces on residents, family, and staff! Please remember, as the positivity rates drop throughout the state, it is important to remain diligent in keeping yourself and others safe.

Stay safe. Stay well. We are still Beatitudes Strong!

My best,
