## Guidelines for Independent Living – Residents and Guests

Although we announced last week that visitor forms and temperature checks would be discontinued on May 1, out of an abundance of caution – visitor forms and temperature checks will REMAIN in effect until further notice. Visitor forms are located at the Administration entrance (yellow portico) or on the website at [beatitudescampus.org/beatitudes-family](https://beatitudescampus.org/beatitudes-family).

- Residents also assume responsibility for vetting their guests and family members' health *before* inviting them to the campus.

### **Families and guests may rejoin activities with loved ones on campus.**

- Residents accept responsibility for discouraging unvaccinated guests and family members from attending public events and dining experiences at this time.

### **Dining Rooms will be open to residents making reservations with their family/guests. Families and guests will be seated in a seated in a designated area.**

- Outside options will continue to be a welcoming environment for unvaccinated non-residents. Masks will be worn whenever not eating or drinking, and masks will be worn whenever your server approaches your table.

### **Capacity in Life Center increases to 75 socially distanced and masked at all times.**

- Again, unvaccinated family and guests are discouraged from attending such events at this time.

### **We are solidifying ways to have families join their loved ones for Mother's Day Brunch on Sunday, May 9. More specific details will be announced next week.**

- Right now, residents (without their families) can enjoy Mother's Day Brunch throughout the day.
- Residents and their families can make reservations and be served after 12:30PM. We will have a specially designated area for residents and their families.
